Your guests may peel off the fondant if they do not prefer the taste! Our buttercream of choice contains a light almond flavor. Please keep that in mind for guests with allergies. Vanilla buttercream is available upon request. Red velvet and chocolate cake will automatically be frosted with vanilla buttercream.*

Cake Pricing & Policy

- Luxury wedding/anniversary cakes are priced per serving, ranging from \$7-\$10, increasing in price based on intricacy of design. Every cake is tailored to each couple as cakes are not duplicated. Most silk flowers are included in pricing. Kitchen cakes are \$2.50 per serving.
- All wedding/anniversary cakes of 3 tiers or more will have the bottom tier made of real cake, and the top tiers will be faux (Styrofoam cakes decorated in fondant), with kitchen cakes to serve your guests. (Cake tiers decorated only in buttercream). This does not apply to “semi-naked” buttercream cakes.
- Why faux cakes? You can read more about this further down.
- The price for buttercream cakes remains the same as fondant covered cakes.
- A 50% nonrefundable retainer is due at the time of placing your order to guarantee your date, along with a signed agreement.
- Any remaining balance is due 30 days before your wedding date. Failure to pay remaining balance may result in cancellation of order at our discretion.
- If order is made with less than 30 days' notice, FULL payment must be made at the time the order is placed.
- Delivery is required and there is a \$100+ fee depending on distance.
- Sunday & Monday deliveries start at \$125.
- Video consultations are available per request. You will get 30 minutes to discuss design and ideas with our CEO and decorator and go over any questions you may have.
- We prefer wedding cakes to be booked 4-6 months in advance, but we could take short notice orders depending on availability. A quote does not guarantee your date. We are extremely high in demand, so booking early is essential.
- Payments are accepted via Zelle only.

I Heart Faux

What exactly are faux cakes? Faux cakes are Styrofoam forms decorated in edible materials, the same way as real cakes would. Faux cakes have become a very popular choice in the event industry for so many reasons. For cake designers, it's the security they provide that regardless of weather or delivery conditions, the cake will arrive safely and perfectly to its destination. For our clients, it means having an amazing, tall and grand masterpiece, without breaking the bank, and without the taste of fondant that so many customers don't like. Faux cakes are priced by the amount of work, and supplies used, not by serving.

More and more customers are opting for faux cakes and choosing kitchen cakes to serve their guests. Kitchen cakes are similar to sheet cakes, except ours are round tiers, tall and delicious, and can be made in any flavor and filling of your choice. They are used solely to serve your guests, are decorated only in buttercream, and are kept in the back until serving time. We price them at \$2.50 per serving.
